

ACS A

TFX and TX connection

Connecting the ACS A to TFX or TX trim tabs

TFX (Teleflex) previously manufactured hydraulic trim tabs. They differ from other trim tabs in the way that they had only 3 wires instead of the normal four. The following list shows the colours used by TFX and the corresponding ACS markings:

- 3 => Yellow
- 4 => Blue
- 5 => No connection
- 6 => Red

TX Controls also manufactured hydraulic trim tabs in the 80's and 90's. The following list shows the colours used by TX and the corresponding ACS markings:

- 3 => Grey
- 4 => Blue
- 5 => Red
- 6 => Black
